Helping people.

community council

For over 70 years, since 1954, Community Council has been a membership organization focused on collaborative efforts to improve human services in the Tri-County region of St. Charles, Lincoln, and Warren Counties.

Our mission is to be the catalyst that brings together people, organizations, and resources to build a stronger, healthier, more compassionate community.

How We Make an Impact

We achieve our mission by being a vital hub, fostering cooperation and amplifying impact across the Tri-County region. Your membership and active participation directly champions these vital efforts.

Nonprofit Network

We provide the framework for nonprofits to excel:

- Networking and Collaborating: Connecting individuals and organizations to build powerful partnerships.
- Collecting and Sharing Data: Providing valuable insights to inform decision-making.

Community Engagement

Our collaborative efforts directly address pressing social challenges:

- Educating about critical issues to raise awareness, foster understanding and empathy.
- Planning Solutions with the community that Develop innovative strategies to address real needs.

Pathways to Stable Housing

We lead the way in connecting neighbors experiencing or at risk of homelessness with support.

Our Coordinated Entry system simplifies getting help

- One Easy Access Point: Just dial 2-1-1 or email ecentry@communitycouncilstc.org
- Fair & Unbiased: Consistent system to prioritize who gets help, ensuring everyone has a fair chance.
- This efficient system helps local nonprofits provide faster, more effective services, and gives our community the data needed to plan for better housing solutions.

Efficient Support with HMIS: Data for Better Outcome

- As administrators of HMIS (Homeless Management Information System), we use technology to collect vital information about services provided to homeless neighbors and those at imminent risk.
- This data helps us streamline support, identify gaps, and ensure resources are used effectively to achieve stable housing for more people
